GARRET & HAYSOM,

THE EAST GATE

Monumental & Ecclesiastical
Masonry Works,

105 & 106, EAST STREET,
SOUTHAMPTON.

Under Royal and Distinguished Patronage.

“ And Jacob set a pillar
upon her grave: that is
the pillar of Rachel's
grave unto this day.”

MESSRS. GARRET & HAYSOM have much pleasure in submitting a few Photos of Monumental, Ecclesiastical and other work recently executed by them.

These illustrations are only intended to shew the wide extent of the patronage with which they have been favoured and the varied character of memorials and other work which they carry out, ranging

from the simplest Cross or Headstone costing only a few shillings, to the most elaborate Monument in Marble or Granite.

A few of the Drinking Fountains which they have erected during the last 10 years are also added. G. & H. make a speciality of this class of work and will be glad to give estimates from architects' drawings or submit special designs to any Committee or gentleman interested in the proposed erection of one of these very useful and ornamental structures.

A small number of testimonials are also given but these only represent the merest fraction of the large number of very gratifying letters and interviews which the firm is continually receiving.

It will be seen from the notes at the foot of the photo-blocks that the work is by no means confined to this neighbourhood. Memorials are constantly being sent to all parts of the world. G. & H. will always be pleased to undertake the shipping and delivery to distant parts, or fix complete in any part of the United Kingdom without any trouble to their clients.

Unsolicited Testimonials.

Memorial Stained-Glass Window to C. C. BARTON, Esq.,
in Nursling Church.

DEAR SIRs,

I have to-day been to Nursling to see the window, which is very nice indeed, and I feel much obliged to you for all your care and attention.

Many friends were down there for the ceremony, and all told me how much they admired the window,

Yours very faithfully,

EMILY BARTON,

Massive Memorial Marble Cross and Curbing in West-End
Churchyard.

HAREFIELD, BITTERNE,
HANTS.

GENTLEMEN,

Very sincerely do I thank you for the way in which you have carried out my wishes.

The Cross is quite the most beautiful I have ever seen, and I admire the moulding around the grave; indeed I hear nothing but admiration on all sides for the manner in which *all* has been carried out, and I shall ever feel grateful to you,

Believe me,

Yours truly,

F. L. JONES.

Marble Cross and Curb sent to Kingston, Jamaica.

MESSRS. GARRET & HAYSOM,
SOUTHAMPTON.

KINGSTON,
JAMAICA.

DEAR SIRs,

The three cases containing the Monument ordered arrived last mail all in good order. I have had it put up and am glad to say it has given entire satisfaction.

Everyone who has seen it has admired it. I need not say that I will always recommend your firm for good work when any of my friends require anything in that line.

Thanking you for your attention to my order,

I am, Dear Sirs,

Yours faithfully, \

VINCENT BRANDAY.

Elaborate Font in the Cathedral Grahamstown, from the Bishop
of Grahamstown, South Africa.

BISHOPSBOURNE, GRAHAMSTOWN,
CAPE COLONY.

MY DEAR SIR,

I am glad to be able to inform you that we have duly received the font and that it is now securely fixed in position in our Cathedral Church.

The workmanship and material have been deservedly very much admired as well as the thorough, careful way in which the execution of the whole design has been carried out.

Your part could not have been accomplished more to our satisfaction.

When we see what the work involved we can quite understand the delay that took place, and we are only glad that it was not unduly hurried.

We are also exceedingly pleased with the marble steps of the Sanctuary, which are very handsome and arrived in good order. I shall have the greatest possible pleasure in commending your work, as I have already done when opportunity occurs.

I am, my dear Sir,

Very faithfully yours,

ALLAN B. GRAHAMSTOWN.

G. & H. will be pleased to give any information as to price, or will make special designs with Estimates on receiving enquiries.

No charge for Designs and Estimates if not accepted.
